2.2.2 The JSC will determine the content of each SOW in accordance with the terms set forth in Schedules 4.2, 7.1 and 15.1. Each SOW shall be executed by an Authorized Representative of each of Customer and Provider. Each SOW shall, upon full execution thereof, be deemed to be a part of this Agreement and governed by the provisions hereof and the additional provisions set forth in such Statement of Work.

3. TERM

3.1 Term of this Agreement

3.1.1 This Agreement shall commence on the Effective Date and shall continue, unless earlier terminated in accordance with the provisions of this Agreement, for a period of seven (7) years (the “Initial Term”). Unless otherwise provided, the termination or expiration of a Statement of Work shall not automatically terminate this Agreement, but the termination or expiration of this Agreement shall automatically terminate all Statements of Work. Notwithstanding the foregoing, in accordance with Section 26.18 below, any obligation undertaken hereunder by either Party that, by its nature or its terms, is intended to extend beyond the Term shall survive the termination hereof.

3.1.2 Should a Party wish to continue this Agreement after the Initial Term or the then existing Term, such Party shall give the other Party a request in writing to renew this Agreement no later than seven (7) months prior to the expiration of Initial Term or the then-existing Term, as the case may be. Upon receipt of such request

to extend the Term of the Agreement, the other Party shall have thirty (30) days in which to accept, in writing, such request for extension. A failure to accept such request within the specified period shall be deemed to be a rejection, in which case neither Party shall have any obligation to negotiate any type of extension of the Term of this Agreement. If the other Party accepts an extension request, the Parties will thereafter negotiate in good faith the terms and conditions that will apply during the extended term (each an "Extended Term") with a goal of reaching mutual agreement at least six (6) months prior to the expiration of the then-existing Term.

3.2 Term of Statement of Work

Each SOW shall set forth the applicable term for the SOW (each, a "SOW Term"), which SOW Term shall continue for the Term of this Agreement unless the Parties mutually agree in writing otherwise, except that all SOWs, unless sooner terminated, shall terminate at the expiration or termination of the Term of this Agreement.

3.3 Termination For Convenience

Customer may terminate this Agreement, in whole or in part as to any SOW or portion thereof, for convenience and without cause at any time by giving Provider at least * prior written notice designating the termination date (the "Termination for Convenience Effective Date"), in which event this Agreement or the relevant SOW (or portion thereof) shall terminate as if the date so specified were the originally scheduled date of termination. In the event that a purported termination for cause by Customer under Section 22.1 is determined by a competent authority not to be properly a termination for cause, then such termination by Customer shall be deemed to be a termination for convenience with adequate prior notice under this Section 3.3. In the event of a termination by Customer for convenience pursuant to this Section 3.3, then Customer shall pay to Provider a termination fee, for each SOW or portion thereof so terminated under Section 3.3, determined as follows (the "Termination for Convenience Fee"):

- 3.3.1 In the event that the Customer-designated Termination for Convenience Effective Date takes place before the end of * set forth in each SOW or portion thereof so terminated under Section 3.3 for the Service(s) that are the subject of Customer's termination for convenience notice (the "Terminated Services") then the Termination for Convenience Fee shall be equal to the amount of fees Customer paid or has become obligated to pay to Provider for those Terminated Services under the Agreement for the * period immediately preceding the Termination for Convenience Effective Date; provided, however, that if Customer has paid or become obligated to pay less than * of fees immediately preceding the Termination for Convenience Effective Date, then the Termination for Convenience Fee shall be equal to the aggregate amount of fees that Customer paid or became obligated to pay to Provider for those Terminated Services as to each * for which fees were paid or became payable for the * after the relevant SS Commencement Date plus a projected amount based on the average * amount of the fees paid or payable for the * during the period when fees were in fact paid for

each additional * necessary to bring the total number of * for which the Termination for Convenience Fee is paid to *.

- 3.3.2 The number of * for which the Termination for Convenience Fee described in Section 3.3.1 above shall be payable shall decrease by * and on each successive * of the relevant SS Commencement Date after a Termination for Convenience Effective Date takes place. For example, if a Customer-designated Termination for Convenience Effective Date takes place between the * of the relevant SS Commencement Date, then the Termination for Convenience Fee shall be equal to the amount of fees Customer paid or became obligated to pay to Provider for the Terminated Services under the Agreement during the * immediately preceding the applicable Termination for Convenience Effective Date, and, if the Termination for Convenience Effective Date takes place between the * of the relevant SS Commencement Date, then the Termination for Convenience Fee shall be equal to the amount of fees Customer paid or became obligated to pay to Provider for the Terminated Services under the Agreement during the * immediately preceding the Termination for Convenience Effective Date, with the * reductions to continue in a like manner, except that in no event shall the Termination for Convenience Fee be less than * fees paid or payable by Customer to Provider, irrespective of the Termination for Convenience Effective Date.
- 3.3.3 In the event of a De Facto Termination for Convenience (as such term is defined below) by Customer, Customer shall pay a Termination for Convenience Fee based on when the Termination for Convenience Effective Date takes place as provided in Sections 3.3.1 through 3.3.2 above only for the average * shortfall of those Services or category of Services under a given SOW that are considered to have suffered a De Facto Termination for Convenience (i.e., the volume of Services terminated beyond the * threshold described below). For purposes of this Section 3.3.3, a “De Facto Termination for Convenience” means a sustained decrease over each of * following the SS Commencement Date in the volume of one or more Services under a given SOW for which Customer is obligated to pay (based on the number of transactions available for Provider to perform) that is greater than * of the * average of the same over the * immediately preceding the period of decreased volume. For example, if the * average volume of transactions during months * following the * of the relevant SS Commencement Date is * transactions and the volume of transactions that Customer makes available to Provider to perform during months * is *, respectively, then Customer shall be deemed to have committed a De Facto Termination for Convenience for exceeding the * variance threshold of * transactions (* % of *) for * and shall be obligated to pay Provider a Termination for Convenience Fee equal to * worth of fees associated with the average * shortfall of * transactions. Notwithstanding the foregoing, under no circumstances shall Customer be deemed to have committed a De Facto Termination for Convenience if Provider is otherwise able to redeploy the Provider Personnel who would otherwise have been idled by the shortfall in volume of Services required to perform other Services on behalf of Customer. In addition, for purposes of clarification and to avoid any misunderstanding, any portion of a Service for which Customer is obligated to pay (even if such Service

is not utilized) shall not constitute a shortfall and applied in determining whether the * variance threshold has been exceeded or the amount of the Termination for Convenience Fee for a De Facto Termination for Convenience.

- 3.3.4 Notwithstanding anything to the contrary contained in this Section 3.3, in the event that in any * during the Initial Term, Customer demands, and Provider meets such demand for, a Major Increase (as such Term is defined below) in Services, then the formula for determining the applicable Termination for Convenience Fee shall “reset” and revert to the amount specified in Section 3.3.1, as may be subsequently reduced by * fees for the Terminated Service each year thereafter as provided in Section 3.3.2. For purposes of this Section 3.3.4, a “Major Increase” means a sustained increase in the volume of a Service demanded by Customer after the relevant SS Commencement Date during each of * that is greater than * of the * average over the * immediately preceding the period of increased volume, which increase requires Provider to incur additional capital costs and/or enter into additional binding commitments in order to meet Customer’s demands that, in aggregate, exceed by more than * the pre-existing costs or commitments incurred by Provider immediately prior to Customer’s demand for such Major Increase.

4. SERVICES

4.1 Provision of Services

Provider will provide to Customer, and Customer will receive from Provider, the Services specified in this Agreement and the Statements of Work.

4.2 Implementation and Commencement of Services

The Services will be implemented and will commence in accordance with the terms set forth on Schedule 4.2 attached hereto and the applicable SOW.

4.3 Implied Services

If any services, functions or responsibilities not specifically described in this Agreement are required for the proper performance and provision of the Services, they shall be deemed to be implied by and included within the scope of the Services to the same extent and in the same manner as if specifically described in this Agreement; provided, however, if such Implied Services will cause Provider to incur a Significant Cost Increase, then Provider shall be entitled to submit a written request to the JSC and/or the Governance Board for Customer to provide additional compensation to Provider for such additional costs. Failure by Provider to submit such written request prior to its incurring such additional costs shall constitute a waiver by Provider of its right to seek additional compensation therefor. If the JSC and the Governance Board fail to agree on the resolution of such request, then it may be submitted to dispute resolution in accordance with Article 24 of this Agreement.

4.4 Resources Generally

Except as otherwise expressly provided in this Agreement, Provider shall be responsible for providing all of the resources necessary to provide the Services, including, without limitation, facilities, personnel, software and equipment. In this regard, Provider shall maintain the Equipment and Software used to provide the Services, including (a) maintaining Equipment in good operating condition; (b) undertaking repairs and preventive maintenance on Equipment in accordance with the applicable Equipment manufacturer's recommendations; and (c) performing Software maintenance, other than with respect to Customer Software maintained by Customer, in accordance with the applicable Software vendor's documentation and recommendations. Further, Provider agrees to maintain the compatibility of the Equipment, Provider Software, Licensed Software, and other technologies used by Provider in performing the Services (and for which Provider is responsible) with those used by Customer in order for Provider to provide, and Customer to utilize, the Services.

4.5 Changes

- 4.5.1 Either Party may request a change in or addition to the scope, processes, service levels, service recipients, implementation plan or other changes to a SOW (each, a "Change"), but except as provided in Section 4.5.3, no Change shall be effective and binding unless such Change has been documented in a written change of control document and signed by an Authorized Representative of each Party (each, a "Change Order"). Each Change Order shall be substantially in the form contained in Schedule 4.5 hereto, depending on the nature of the Change. If either Party desires to propose a Change, such Party shall deliver to the relevant Account Manager of the other Party a change request in writing, describing the Change(s) proposed. The Party receiving the request shall respond within ten (10) days following its receipt thereof. If the receiving Party is amenable to the change request, it shall notify the requesting Party, and the requesting Party shall submit a Change Order in draft form for the consideration and approval of the other Party. A Change Order shall include, among other items as appropriate, an estimate of additional or reduced charges to Customer, if applicable, any additional equipment or software or other material required to implement the Change and any expected impact on the project schedule or service-levels under the applicable SOW. Upon execution, including signature by an Authorized Representative of each Party, the Change Order shall become effective and the applicable SOW shall be deemed to have been amended by the Change Order. If the Parties are unable to agree on a Change, then the issue may be referred by the requesting Party to the JSC for resolution.
- 4.5.2 Without limiting the generality of Section 4.5.1 above, the Change Order procedures provided in Section 4.5.1 shall also apply to (i) any requested modification, amendment or alteration to any Administrative Manual practice or procedure that does not qualify as a Minor Administrative Manual Practice or Procedure, (ii) any acknowledgement of the achievement of a SOW milestone event (e.g. the RU Commencement Date and the SS Commencement Date) and (iii) any acknowledgement of the occurrence of an operational event that results in the assessment of a SLA Credit or SLA Bonus, as the case may be, or relieves

either Party of its obligations hereunder such as a Relief Event for a Force Majeure Event.

- 4.5.3 Any changes to the legal, regulatory or Payor contract requirements that Provider is required to meet pursuant to the terms of this Agreement shall not be dependent on the execution and approval of a Change Order and shall be effective upon the date of receipt by Provider of written notice thereof signed by an Authorized Representative of Customer, unless such written notice provides for a later effective date; provided that such changes shall still be reviewed and memorialized by the JSC in accordance with the Change Order procedures set forth in Section 4.5.1 above.
- 4.5.4 Any requested modification, amendment or alteration to any term of this Agreement shall be subject to the terms set forth in Section 26.15 below.
- 4.5.5 Notwithstanding Sections 4.5.1 and 4.5.2 above, the Parties' designated Account Managers may jointly recommend approval of modifications, amendments or alterations to Minor Administrative Manual Practices or Procedures, which recommendations, if adopted, will take immediate effect; provided, however, that such modifications, amendments or alterations cannot and shall not amend or waive any provision of this Agreement or any portion hereof and the effectiveness of such modifications, amendments or alterations may be suspended or nullified by the JSC at any time. For purposes of this Section 4.5, a "Minor Administrative Manual Practice or Procedure" change shall mean a change that does not (i) significantly alter the existing work flow currently in process (i.e. the change does not have any impact on the productivity and average handling time of the process), (ii) alter existing technology currently deployed for the process, and (iii) have any impact on the number of resources (agents and/ or supervisors) required to run the process after the change—including additional resources that may be required to manage any associated regulatory or compliance related requirements that may be a result of such change. In addition, for the sake of clarity, operationally, a Minor Administrative Manual Practice or Procedure change should result in simple dissemination of information to Provider Personnel by either the supervisors and/ or trainers on the process floor, and should not require more than one (1) hour of additional training of such Provider Personnel.
- 4.5.6 For the avoidance of doubt, as noted in Section 4.5.2 above, any requested modification, amendment or alteration to any Administrative Manual practice or procedure other than as specified in Section 4.5.3 that does not qualify as a Minor Administrative Manual Practice or Procedure shall be required to follow the Change Order procedures set forth in this Section 4.5 and memorialized using the Change Order forms set out in Schedule 4.5 hereto.
- 4.6 Recipients of Services**
- 4.6.1 As of the Effective Date, Provider shall provide the Services to Customer, to Customer's Affiliates, and on Customer's behalf to those entities to whom and

under circumstances similar to those under which services similar to the Services were being provided immediately prior to the Effective Date (collectively "Service Recipients"); provided, however, that any Services provided to Customer's Affiliates or entities designated by Customer shall be pursuant to a separate SOW that takes into account the additional costs, if any, associated with the provision of the Services to such third parties. At Customer's option, Provider shall also perform the Services for the following, which, during such extended period of time as follows, shall be deemed to be "Service Recipients", provided that such extended period shall not continue beyond the Term of this Agreement: (i) an entity which is an Affiliate of Customer shall continue to receive the Services for up to * (and longer if agreed by the Parties) after the date it ceases to be controlled by Customer; (ii) the purchaser of all or substantially all the assets of any line of business of Customer or its Affiliates shall continue to receive Services for up to * (and longer if agreed by the Parties) after the date of purchase, but only with respect to the business acquired. During the Term, Provider shall also provide the Services on Customer's behalf to such other entities (e.g., doctors, hospitals, home care and home medical equipment companies, and other medical institutions) as Customer may designate from time to time. Notwithstanding the previous sentence, Customer may utilize the Services in support of or as part of Customer's business operations and offerings, provided that if Customer requires use of the Services in connection with entities that are not Service Recipients and not Customer Affiliates and as a result Provider would incur additional costs to a third party (e.g., additional third party license fees) in an amount representing a Significant Cost Increase, then there will be an equitable adjustment to the charges to accommodate such costs as herein provided.

- 4.6.2 If Customer Directs Provider to provide the Services to an entity pursuant to Section 4.6.1(ii) above and such entity is a Competitor, then Customer shall be deemed to have waived Provider's compliance with the non-competition obligations under Section 25 below solely with respect to the acquired business. Notwithstanding the foregoing, if a purchaser of all or substantially all the assets of any line of business of Customer or its Affiliates seeks to novate the applicable SOW, then Provider will negotiate such novation in good faith.
- 4.6.3 For purposes of this Agreement, (i) the Services provided to the entities referenced in this Section 4.6 shall be deemed to be Services provided to Customer and (ii) all references to "Customer" with respect to receipt of the Services shall be deemed to include the entities referenced in this Section 4.6.

5.1 Governance Board

- 5.1.1 The Parties shall form a Governance Board to establish and resolve major policy decisions concerning operations under this Agreement, consider requests for Changes and any other matters relating to this Agreement, any SOW and the

operations of the Parties affected thereby which are not resolved by the JSC. The Governance Board shall be comprised of two representatives. One representative shall be designated by Provider and one representative shall be designated by Customer. Upon execution of this Agreement, the initial Customer Governance Board representative shall be *, and the initial Provider Governance Board representative shall be *, each of whom shall have full authority to act on behalf of Provider but collectively shall count as a single representative. Thereafter, each Party shall notify the other in writing as to changes in its appointee to the Governance Board. Each such appointee shall serve at the pleasure of the appointing Party. A Party may designate a substitute representative in the event that a designated representative is unable to attend or participate in a Governance Board meeting. All decisions of the Governance Board, whether reached by consensus or by the decision of the Customer representative on the Board as provided below, shall be final and binding upon the Parties.

- 5.1.2 The Governance Board shall convene in person or by electronic means as necessary, but no less than once every six (6) months, for purposes related to the administration of this Agreement and the Services provided hereunder, including oversight and monitoring of compliance with Performance Standards, promulgating and implementing necessary amendments to this Agreement or any SOW, resolution of disputes between the Parties that have reached impasse at the JSC level and other matters related to the administration of this Agreement. All meetings of the Governance Board shall be held during U.S. Business Hours on a Business Day as agreed by the Parties, or on no less than three (3) Business Days' prior written notice if the Parties do not agree otherwise.
- 5.1.3 The Parties desire that decisions of the Governance Board be reached by consensus, if possible. However, if the members of the Governance Board are unable to agree, Customer's representative on the Governance Board shall be entitled to make the determination on behalf of the Governance Board unilaterally and, if necessary, to amend this Agreement and any SOW accordingly and impose any policy or procedure subject only to the restrictions set forth in Section 5.1.4 below.
- 5.1.4 Notwithstanding the provisions of Section 5.1.3 above, Customer shall not be entitled to impose any amendment to this Agreement, policy or procedure which (i) would cause Provider to be in violation of any applicable law, regulation, or insurance requirement, any agreement entered into in good faith with a third party on an arm's length basis for purposes not relating to the evasion of this Agreement, or any order of a court or other judicial body to which Provider is or may become subject, or (ii) would unreasonably interfere with Provider's ability to perform its obligations hereunder. In addition, if any such action on Customer's part is not provided for in this Agreement or in any applicable SOWs in effect immediately prior to such action, and such action would cause Provider to incur a Significant Cost Increase, then Provider shall be entitled to request the JSC and/or the Governance Board to determine whether Provider is entitled to any additional compensation for its additional costs. If the matter can not be resolved by the JSC

or Governance Board, then it may be submitted to dispute resolution in accordance with Article 24 of this Agreement.

5.2 Joint Steering Committee

- 5.2.1 The Parties shall form a JSC to facilitate communications between them and establish policies and procedures governing the operations of the Parties under this Agreement and any SOWs. The JSC shall be composed of a senior management representative of both Customer and Provider, and such other persons as may be mutually agreed by the Parties, with both Parties to be equally represented. The JSC shall provide general oversight and guidance to the Parties, including serving as the arbiter with respect to issues arising during and from meetings, committees, and work groups formed by the Parties (e.g., change request, reliability, service and performance issues). Upon execution of this Agreement, the initial Customer JSC representatives shall be *; and the initial Provider JSC representatives shall be *, as a non-voting representative. Thereafter, each Party shall notify the other in writing as to changes in its representatives to the JSC. Each such representative shall serve at the pleasure of the designating Party. A Party may (a) designate a substitute representative in the event that a designated representative is unable to participate in a JSC meeting and (b) assign the vote of a representative unable to attend a JSC meeting to a representative who is able to participate in that JSC meeting.
- 5.2.2 The JSC shall be responsible for overseeing day-to-day matters in connection with the Services, and shall report to, and be subject to the authority of, the Governance Board.
- 5.2.3 The JSC shall convene in person or by electronic means as necessary, but no less than quarterly (unless both Parties agree in writing that a particular quarterly meeting is unnecessary), to consider and address such implementation, administration and performance issues as they may deem appropriate, resolve requests for Changes pursuant to Section 4.5, coordinate the performance of each Party's duties and obligations, and address any issues of common concern. The JSC shall notify the Governance Board of any issue which has or is likely to have significant impact, or be of major concern, or with regard to which the JSC has been unable to reach a decision. Either Customer or Provider may call for a special meeting of the JSC, and add any issue of concern to the committee agenda. The JSC shall maintain a record of the issues considered and any decisions reached, and such decisions, as appropriate, shall be set forth in consecutively numbered amendments or Change Orders to this Agreement or applicable SOWs, as appropriate. The JSC may designate one of its members to serve as the chairperson of the committee for purposes of maintaining records, calling and noticing meetings, and performing necessary administrative functions required by the committee.
- 5.2.4 Each Party's designees to the JSC shall have the knowledge, authority, and responsibility in respect to the Services such as to enable the JSC to make

necessary and appropriate decisions to implement this Agreement and any SOW and to resolve any matters needing to be resolved at the operational level. Decisions of the JSC shall be made by the affirmative vote of no less than * of the total JSC members, with at least one affirmative vote being that of a representative of Customer and at least one affirmative vote being that of a representative of Provider. In the event that the JSC fails to resolve an issue, either Party may request that it be referred to the Governance Board for resolution.

5.3 Account Manager

Each Party shall designate an "Account Manager" who shall be the principal point of contact between the Parties for all matters relating to Services provided under a particular SOW. Each SOW shall contain initial designation of an Account Manager for each Party. A Party may designate a new Account Manager by written notice to the other Party. Any changes in the Account Manager shall be notified to the other Party in advance. A Party may, in its sole discretion, designate the same individual as its Account Manager under more than one SOW.

Consequently, Customer will provide to Provider, in a timely manner, such resources specified in each SOW, to enable Provider to perform the Services. Examples of such resources may include connectivity support, documentation, knowledge base, hardware, software, support personnel and trainers. Failure of Customer to provide any such assistance or resources specified in the applicable SOW will not constitute a breach by Customer or Customer Default but will merely be a Relief Event to the extent, and only for so long as, such failure persists and actually causes Provider to be unable or impairs Provider's ability to provide the affected Services. Provider shall be obligated to perform any Services which are unaffected by such failure on the part of Customer, and Provider shall continue to provide even affected Services to the maximum extent that it is feasible to do so. Any resources not specifically identified in a SOW as Customer's responsibility to obtain or provide shall be deemed to be Provider's responsibility.

6.2 Processing Norms

Customer acknowledges and agrees that Provider is relying on the accuracy of the written information and Directions supplied by Customer, and other requirements specified by Customer in writing (cumulatively, the "Processing Norms"), to perform the Services. In the event the Processing Norms are not accurate or are found to be inadequate, the Party discovering such fact shall promptly notify the other Party of any such deficiency and the Parties shall cooperate with each other to remedy the situation in a timely manner. So long as Provider is not otherwise aware of or does not have any reason to believe the Processing Norms supplied by Customer are inaccurate or inadequate or, if Provider is aware of or has reason to believe the Processing Norms supplied by Customer are inaccurate or inadequate, notifies Customer in writing of such fact, Provider shall (i) be entitled to rely on and act in accordance with the Processing Norms, (ii) not incur any liability for claims, losses or damages that arise as a result of Provider's compliance with the Processing Norms and (iii) be entitled to payment for its performance, and be excused from its poor performance or non-performance of, the Services, to the extent Provider's performance is predominantly affected by such inaccurate Processing Norms supplied by Customer.

6.3 Use of Software

Customer grants, or will arrange for third party licensors to grant, to Provider a limited, non-exclusive license to access and use the Customer Software and the Licensed Software in accordance with the terms and conditions set forth on Schedule 6.3 hereto, as they may be amended by Customer or the third party licensors from time to time solely in connection with the performance of Provider's obligations under this Agreement and under any applicable SOW.

6.4 License to Use Marks

Customer hereby grants to Provider a limited non-exclusive license to use Customer Marks solely in connection with the performance of Provider's obligations under this Agreement, including the right to use Customer's name over the telephone, the internet and in written materials in performing the Services. Such use of Customer Marks must conform to any written instructions provided by Customer to Provider in this regard, as may be further specified in the applicable SOW. Customer has the right to require Provider to furnish from time to time samples of Provider's use of Customer Marks.

7. PERFORMANCE STANDARDS AND SERVICE LEVELS

Any change to the Business Continuity Plan / Disaster Recovery Plan under any SOW shall be subject to review and approval by the Governance Board. All Business Continuity Plans / Disaster Recovery Plans shall, among other things, specify the alternative location or facility from which the said Services will be rendered.

If a Provider Facility becomes unavailable (and subject to the applicable disaster recovery provisions of this Agreement and the relevant SOW) or Provider's ability to provide the Services therefrom is significantly impaired, it is contemplated that Provider will shift some or all of the work to the second Provider Facility from which the Service is provided. If an additional and temporary facility is required in order to provide the Services, the Parties agree that:

- 8.3.1 The charges payable by Customer for the Services provided from the temporary Provider Facility shall be at the same rate as if such Services were being provided prior to the disaster event at the originally planned Facility (i.e., as if such Services were being provided from the now-unavailable Provider Facility);
- 8.3.2 The Services shall be provided from the temporary Provider Facility only for such time as the recovery requires and until the original Provider Facility can be rendered fit for providing the Services; and
- 8.3.3 If the original Provider Facility is permanently unavailable, a permanent site shall be reasonably proposed by Provider and subject to Customer's approval. Provider's Disaster Recovery Plan shall specify the location of any back-up facilities.

Notwithstanding anything to the contrary contained herein, Customer shall have the right to require Provider to immediately suspend or remove any such Provider Personnel from the provision of the Services to Customer; and
- 9.2.3 Provider shall take all necessary steps to protect any Provider Personnel who report fraudulent conduct or violations of ethical or regulatory requirements in accordance with Section 9.2.1 above from any direct or indirect harassment or retribution of any kind. Except with the prior written consent of Customer, Provider shall not disclose or attempt to determine or divulge the identity of any such Provider Personnel or attempt to investigate the alleged incident independently.

All compensation and other charges hereunder shall be invoiced and payable in U.S. Dollars only.

15.2 Third Party Expenses

Unless otherwise specified in a SOW or by other written agreement of the Parties, all third party expenses incurred by Provider in the course of its performance hereunder shall be borne by and remain the sole responsibility of Provider.

15.3 Invoices

Provider shall submit monthly invoices by the tenth (10th) Business Day of each month to Customer for the Services performed by Provider during the previous month. All invoices shall be in a format approved by the JSC and shall be accompanied by reasonably detailed descriptions of the Services performed during the preceding month by SOW, the fees related thereto, and the reimbursable disbursements and out-of-pocket expenses, if any, as specified in each SOW, and to support the calculation of any SLA Bonuses and Credits.

15.4 RU and SS Rates

Except as otherwise provided in a SOW, the rates, fees and charges applicable during (i) the Ramp Up Period of a Service are set forth in Schedule 15.1 hereto (the "RU Rates"), as such RU Rates may be adjusted from time to time in accordance with Schedule 15.4 hereto, and (ii) the Steady State Period of a Service are set forth in each SOW (collectively, the "SS Rates"), as such SS Rates may be adjusted from time to time in accordance with Schedule 15.4 hereto.

15.5 Payment of Invoices

Each invoice will be paid by Customer within thirty (30) calendar days from receipt of the invoice. If Customer is delinquent in the payment of any undisputed portion of a valid invoice and fails to remedy the delinquency within thirty (30) Business Days after receipt of written notice from Provider that Customer has failed to make such payment, Provider may suspend the Services for which Customer is delinquent in payment until such delinquency is remedied, subject to the conditions and requirements set forth in Section 22.1.2 below. In addition, if Customer is delinquent in paying any undisputed invoice amount for more than thirty (30) calendar days after the due date, Customer may be charged interest on the undisputed amount from the date due until the date paid at the rate of 1.5% (one and one-half percent) per month or the highest rate allowed by law of all past due and outstanding balances on a monthly basis, whichever is less. If Customer in good faith disputes any portion of any invoice, Customer shall submit to Provider following receipt of invoice, written documentation identifying and substantiating the disputed amount. Provider and Customer each agree to use commercially reasonable efforts to resolve any dispute so identified within fifteen (15) Business Days after Provider receives written notice of dispute from Customer. If the Parties are unable to resolve the dispute, it shall be referred to the JSC for resolution; if the JSC shall fail to resolve the dispute within ten (10) Business Days, the issue shall be submitted to the Governance Board for resolution; and if the Governance Board shall fail to resolve the dispute within ten (10) Business Days, the issue shall be submitted for Level III Dispute Resolution in accordance with Section 24.3. Any disputed amounts resolved in favor of Customer shall be noted on the next invoice following resolution of the dispute; any disputed amounts determined to be payable to Provider shall be due within seven (7) Business Days of the resolution of the dispute. Notwithstanding anything contained herein, all payments in respect of undisputed portions of each invoice and undisputed invoices shall be payable by Customer within thirty (30) calendar days of its receipt of each respective invoice.

15.6 Taxes

- 15.6.1 Customer shall be responsible for all applicable federal, state or local use, excise, sales or other taxes, fees, assessments, surcharges or similar governmental charges that may be imposed, levied, collected or assessed by or within the United States of America or any political subdivision thereof in connection with Provider's provision of the Services to Customer hereunder (collectively, "Applicable Taxes"); provided, however, Customer shall have no responsibility or liability for any Applicable Taxes that are (i) based on or attributable to Provider's income, whether gross or net ("Income Taxes"), or (ii) ad valorem or property taxes with respect to any real or personal property or other asset owned, leased, or used by Provider ("Ad Valorem Taxes"). Notwithstanding anything to the contrary contained herein, Provider shall be solely responsible for, and shall indemnify and hold Customer harmless from, any Income Taxes or Ad Valorem Taxes.

- 15.6.2 If Customer is required by law to make any deduction or withholding of Income Taxes or Ad Valorem Taxes from any payment due to Provider under this Agreement, Customer will (i) prepare and submit any necessary filings and remit such Taxes to the appropriate taxing authority, and (ii) provide Provider with evidence of Customer's withholding and payment to the appropriate taxing authorities. The Parties acknowledge and agree, however, that no such deduction or withholding shall apply if Provider has provided Customer with a timely, appropriate and duly executed Internal Revenue Service Form W-9, W 8BEN or W-8ECI, or an official alternate, substitute or replacement form, as the case may be, that substantiates an exemption from such Taxes. Under no circumstances shall Customer be required or obligated (a) to allow Provider an exemption from any Applicable Taxes (i.e. not make a required deduction or withholding and remittance) if Provider fails to provide Customer with such timely, appropriate and executed exemption certificate and any extensions or updates required thereto or (b) gross up any Income Taxes or Ad Valorem Taxes that Customer is required by law to deduct or withhold from any payment due to Provider hereunder.
- 15.6.3 Either Party is entitled to contest the amount or validity of the imposition of any Applicable Taxes, and each Party agrees to furnish reasonable cooperation to the contesting Party in any proceeding contesting the amount or validity of imposition of such Applicable Taxes.

15.7 Set Off

Customer may set off, as a credit against any monthly charges payable to Provider under this Agreement, any SLA Credits owed to Customer pursuant to any SOW, any mutually agreed amounts to be paid, reimbursed, credited or otherwise owed or owing to Customer by Provider under this Agreement and any amounts that are determined to be owed to Customer in accordance with Section 24.3; provided that with respect to fees or services already paid by Customer that Customer later disputes, Customer must set off such amounts within ninety (90) days after payment of such disputed fees or services. Notwithstanding the ninety (90) day limitation above, Customer may set off (pursuant to this Section 15.7) any amounts owing to Customer, as identified in audits performed pursuant to this Agreement.

15.8 Accountability

At all times while this Agreement is in effect and for at least five (5) years following its expiration or termination, Provider shall keep and maintain its books, records and accounts in reasonable detail to accurately, completely and fairly reflect its activities and transactions hereunder, including the recipient and nature of every payment or expenditure in connection with Provider's activities to perform its obligations under this Agreement. Without limiting the foregoing, Provider shall maintain complete and accurate records of and supporting documentation for the amounts billable to and payments made by Customer hereunder, to the extent required to comply with Section 16 and in accordance with generally accepted accounting principles applied on a consistent basis. Provider agrees to provide Customer with documentation and other information with respect to each invoice as may be reasonably requested by Customer to verify accuracy and compliance with the provisions of this Agreement.

15.9 Proration

Except as may be otherwise provided in this Agreement, all periodic charges under this Agreement shall be computed on a calendar month basis, and shall be prorated for any partial month.

15.10 Refunds and Credits

If Provider should receive a refund, credit or other rebate for goods or services previously paid for by Customer, Provider shall promptly notify Customer of such refund, credit or rebate and shall promptly pay the full amount of such refund, credit or rebate, as the case may be, to Customer.

16. AUDIT RIGHTS

Customer shall have the right to perform regular audits and other oversight activities as provided in Schedule 16.1 attached hereto. In the event of any audit or oversight conducted by Customer or any governmental entity, Provider shall fully cooperate with any such auditor.

17. REPRESENTATIONS AND WARRANTIES**17.1 Mutual Representations and Warranties**

Each Party to this Agreement represents and warrants to the other Party that:

- 17.1.1 it is an entity which has been duly formed and is validly existing and in good standing under the laws of the jurisdiction where it is formed;
- 17.1.2 it has all requisite power and authority to execute, deliver and perform its obligations under this Agreement and each SOW in accordance with their respective terms;
- 17.1.3 the execution, delivery and performance of this Agreement and each SOW (a) has been duly authorized by its requisite officials, (b) shall not conflict with, result in a breach of, or constitute a default under any other agreement to which it is a party or by which it is bound, and shall not constitute an event that would, with notice and/or lapse of time, constitute such a default, and (c) to its knowledge, will not result in a violation of or conflict with any applicable law, and (d) there is no proceeding pending or, to the knowledge of the Party, threatened, which challenges or may have a material adverse effect on this Agreement or the transactions contemplated by this Agreement;
- 17.1.4 it is duly licensed, authorized or qualified to do business and is in good standing in every jurisdiction in which a license, authorization or qualification is required for the ownership or leasing of its assets or the transaction of business of the character transacted by it, except where the failure to be so licensed, authorized or qualified would not have a material adverse effect on its ability to fulfill its obligations under this Agreement or any SOW;

- 17.1.5 there is no outstanding (or, to the best of its knowledge, pending or threatened) litigation, arbitrated matter or other dispute to which it is a Party that if, decided unfavourably to it, would reasonably be expected to have a material adverse effect on its ability to fulfill its obligations under this Agreement or any SOW; and
- 17.1.6 it has not violated any applicable laws or regulations.

17.2 Customer Representations and Warranties

Customer represents and warrants to Provider that:

- 17.2.1 it is the legal and beneficial owner of all right, title and interest in and to its Products, having good title thereto, or that it is a licensee of the Products with the authority to utilize the Products as contemplated by this Agreement, and it has full power and authority to grant the licenses and perform its obligations under this Agreement; and
- 17.2.2 the Products, and their use and operation, to Customer's knowledge, do not infringe or misappropriate any patent, copyright, trade secret, or other intellectual property right of any third party.

17.3 Provider Representations and Warranties

Provider represents and warrants to Customer that:

- 17.3.1 Non-Infringement. Provider shall perform the Services in a manner that, to its knowledge after prudent inquiry, will not infringe or misappropriate the patent, copyright, trademark, trade secret or other intellectual property rights of any third-party. This non-infringement warranty shall not apply to the extent that an infringement claim arises as a result of (a) use, modification, alteration or revision by Customer other than in accordance with any applicable specifications or documentation provided under the applicable SOW, (b) use by Customer in combination with other products or systems not reasonably anticipated in the applicable SOW, or (c) information, data, design, Customer Software, Licensed Software, components, specifications or other materials (including, without limitation, Processing Norms) provided to Provider by or on behalf of Customer.
- 17.3.2 Compliance with Terms of Agreement. Provider will perform the Services in accordance with all terms and conditions set forth in this Agreement and the applicable SOWs.
- 17.3.3 Compliance With Laws and Contract Requirements. Provider and its operations hereunder are, and at all times during the Term of this Agreement shall, remain in full compliance with all applicable federal, state, provincial and local laws, rules and regulations, and that it shall perform the Services hereunder and manage its operations in a manner which is compliant with all laws, rules, regulations and contractual requirements to which Provider or Customer is subject and applicable thereto including, but not limited to (i) those regarding licensure and certification

for the provision of the Services, (ii) those relating to performance of the Services in compliance with this Agreement, Medicare and Medicaid regulations, and the applicable requirements of Payors, (iii) the False Claims Act, 31 U.S.C. §§ 3729-3733, (iv) the Civil Monetary Penalties Act, 42 U.S.C. § 1320a-7a, (v) Section 114 of the Fair and Accurate Credit Transactions Act of 2003, also known as the RED FLAG RULES, (vi) the requirements of the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191 and its corresponding regulations—see, 45 C.F.R. Parts 160, 162 and 164—as they may be amended or modified from time to time (collectively, “HIPAA”), (vii) state laws concerning the confidentiality of patient information and billing, and (viii) any other similar laws, regulations or requirements that may from time to time relate to the performance of the Services hereunder. In addition, Provider agrees to implement and comply with all policies and procedures relating to such matters as Customer may Direct and to implement its own compliance programs and policies as reasonably necessary to comply with all of the foregoing.

- 17.3.4 Work Standards, Efficiency and Cost Effectiveness. Provider will render the Services with promptness, efficiency and diligence and in a workmanlike and cost-effective manner in accordance with the practices and high professional standards used in well-managed operations performing services similar to the Services. Provider shall use adequate numbers of qualified individuals with suitable training, education, experience and skill to perform the Services.
- 17.3.5 Technology. If instructed to do so by the JSC, Provider shall investigate, consult with Customer and provide information concerning possible upgrades in technology that would allow Provider to realize the benefits of any applicable increases in efficiency and productivity in its provision of the Services and similar services to other customers; provided that if any such upgrade would enhance only Provider’s provision of the Services and Customer desires Provider to effect such upgrade, the Parties shall enter into a Change Order setting forth the allocation of costs and benefits resulting from such upgrade.
- 17.3.6 Inducements. Provider has not violated any policies of Customer of which it has been provided written notice, regarding the offering of unlawful or prohibited inducements to Customer or any other party in connection with this Agreement. If at any time during the Term, Customer determines on the basis of reasonable evidence that the foregoing warranty is materially inaccurate, then Customer shall notify Provider in writing of the fact that it has made such a determination and of the evidence upon which the determination was based. Provider shall have ten (10) days following receipt of such notification within which Provider may present Customer with any information or evidence Provider may have indicating that Customer’s determination was incorrect, and Customer agrees to consider any such information provided. However, if, after the expiration of such ten (10) day period, Customer nevertheless determines, in its sole discretion that its initial determination was correct, then Customer, in addition to any other rights Customer may have at law or in equity, shall have the right and option to

terminate this Agreement for cause pursuant to Section 22.1.1.2 and without cost, without affording Provider any further opportunity to cure.

- 17.3.7 Restricted or Excluded Parties. Provider represents that neither Provider, nor any officer or director of Provider, is a Restricted Party or an Excluded Party and that Provider shall not utilize, employ or subcontract with any Restricted Party or Excluded Party in the performance of the Services hereunder. Notwithstanding any other provision of this Agreement, if Customer determines that Provider, or any officer or director of Provider, or employee or subcontractor of Provider performing any portion of the Services hereunder, is, or becomes, a Restricted Party or an Excluded Party during the Term, then Provider shall be deemed to have committed a default hereunder, and Customer, in addition to and without waiving any other right or remedy it may have for such default, may terminate this Agreement immediately pursuant to Section 22.1.1.2.
- 17.3.8 Viruses. Provider shall use commercially reasonable efforts so that no Viruses are coded or introduced into the systems used to provide the Services. "Virus" shall mean (a) program code or programming instruction or set of instructions intentionally designed to disrupt, disable, harm, interfere with or otherwise adversely affect computer programs, data files or operations; or (b) other code typically described as a virus or by similar terms, including Trojan horse, worm or backdoor. Virus does not include Disabling Code (as such term is defined below).
- 17.3.8.1 In the event a Virus is found to have been introduced into the systems used to provide the Services, Provider shall (i) provide all cooperation and assistance reasonably requested by Customer or the JSC to (including assisting Customer in its efforts to) eliminate the effects of the Virus, and (ii) if the Virus causes a loss of operational efficiency or loss of data, assist Customer to the same extent to mitigate and restore such losses.
- 17.3.8.2 In the event that a Virus is introduced by a Customer system, Provider's efforts as provided in Section 17.3.8.1: (i) shall be at no additional charge to Customer, to the extent available Provider Personnel are utilized, and (ii) shall be at Customer's cost, to the extent additional resources are utilized, provided that Customer shall have the right to approve use of all such additional resources. Under these circumstances, additional resources shall not include Provider's general support personnel but shall include personnel reassigned by Provider from the servicing of other specific accounts. In addition, Provider shall be excused from meeting required service levels to the extent that problems caused by the virus impair Provider's ability to perform.
- 17.3.8.3 In the event that a Virus is introduced by a Provider system: (i) Provider's efforts as set forth in Section 17.3.8.1 shall be at no additional charge to Customer; (ii) Provider shall engage additional resources, at Provider's cost, as necessary; (iii) Provider shall not be excused with respect to any required service levels affected, unless Provider's efforts to meet such affected service levels would cause or allow the Virus to spread, and (iv) Provider shall pay to Customer an amount equal to

all of Customer's costs of any data restoration, the cost to Customer of any business disruption, and any other losses or liabilities of Customer resulting from such Virus.

- 17.3.9 Disabling Code. Without the prior written consent of Customer, Provider shall not insert into any of the Software any code which would have the effect of disabling or otherwise shutting down all or any portion of the Services ("Disabling Code"); provided, however, that "Disabling Code" shall not include programming code, programming instruction or set of instructions that is distributed as part of hardware or software to ensure that the purchaser or licensee uses the product in accordance with the acquisition or license agreement (such code "Commercially-Provided Disabling Code") and which Software already contains such Commercially-Provided Disabling Code. Provider further represents and warrants that, with respect to any Disabling Code and Commercially-Provided Disabling Code that may be part of any Software, Provider shall not invoke such Disabling Code or Commercially-Provided Disabling Code at any time, including upon expiration or termination of this Agreement for any reason, without Customer's prior written consent.
- 17.3.10 EXCEPT FOR THE EXPRESS WARRANTIES MADE OR REFERENCED IN THIS AGREEMENT AND IN ANY SOW, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE SUBJECT MATTER OF THIS AGREEMENT, AND EACH PARTY HEREBY DISCLAIMS ANY AND ALL REPRESENTATIONS AND WARRANTIES, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND/OR FITNESS OF THE SERVICES FOR A PARTICULAR PURPOSE, QUALITY, COURSE OF DEALINGS, USAGE OF TRADE, ACCURACY, QUIET ENJOYMENT OR NONINFRINGEMENT, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. PROVIDER AND CUSTOMER HAVE RELIED ON THIS NEGOTIATED ALLOCATION OF RISK IN AGREEING TO THE PRICING IN THIS AGREEMENT.

18. INDEMNIFICATION

18.1 Provider Indemnification

Provider agrees to defend, indemnify and hold harmless Customer and its Affiliates, and all of their respective officers, directors, agents, employees, successors and permitted assigns from and against any and all third party suits, proceedings, claims, liabilities, losses, actions, judgments, fines, penalties (including without limitation, civil monetary penalties, interest and similar financial obligations levied against Customer for violations of regulatory requirements), refund obligations, costs and expenses (including reasonable attorneys fees) of any kind or nature (each a "Claim" and collectively, the "Claims"), to the extent they arise out of or result from:

- (i) Provider's negligence or willful misconduct;

- (ii) Provider's breach of any term of this Agreement, including without limitation, Provider's breach of its obligation to comply with laws in accordance with Article 9, Provider's breach of its obligations relating to Taxes under Section 15.6 and Provider's breach of any of its representations and warranties provided in Section 17.3;
- (iii) Any actual or alleged violation, infringement, unauthorized use or misappropriation of any third party's copyright, patent, trademark, or other intellectual property right; provided, however, that such third party claim is not based upon the underlying Product(s) or materials furnished by Customer hereunder or compliance of the Services with Customer's specifications or other requirements set forth in the SOW under this Agreement;
- (iv) Any claims of whatever nature asserted by any of the Provider Personnel; and/or
- (v) Any agreements or alleged agreements made or entered into by Provider to effectuate the terms of this Agreement.

18.2 Customer Indemnification

Customer agrees to defend, indemnify and hold harmless Provider and its Affiliates, and all of their respective officers, directors, agents and employees from and against any and all third-party Claims, to the extent they arise out of or result from:

- (i) Customer's negligence or willful misconduct;
- (ii) Provider's compliance with the Processing Norms under Section 6.2;
- (iii) Customer's breach of any term of this Agreement, including without limitation, Customer's breach of its obligation to comply with laws in accordance with Article 9, Customer's breach of its obligations relating to Taxes under Section 15.6 and Customer's breach of any of its representations and warranties provided in Section 17;
- (iv) Any actual or alleged violation, infringement, unauthorized use or misappropriation of any third party's U.S. copyright, patent, trademark, or other intellectual property right arising from Provider's use of Customer's Products, Licensed Software, Customer Software or other materials furnished hereunder by Customer, to the extent that such use is in the contemplated manner and in full compliance with this Agreement and applicable SOW.

18.3 Mutual Indemnification

Each Party (in the capacity as Indemnifying Party) will defend, indemnify and hold harmless the other Party, its Affiliates and all of their respective officers, directors, agents and employees (in the capacity of Indemnified Party) from and against any and all Claims relating to or based on

any personal injury, death or damage to property caused by the negligence or willful misconduct of the Indemnifying Party or its agents and representatives, the performance of this Agreement.

18.4 Indemnification Procedures

The Party seeking indemnification under Sections 18.1, 18.2 or 18.3 above, as the case may be (the “Indemnified Party”), will give prompt written notice to the other Party (the “Indemnifying Party”) of a Claim that is subject to such indemnification. (The failure by an Indemnified Party to give notice as provided above shall not relieve the Indemnifying Party of its obligation under this Section, except to the extent that such failure results in material adverse affect to the Indemnifying Party). In addition, the Indemnified Party will allow the Indemnifying Party to direct the defense and settlement of any such Claim, with counsel of the Indemnifying Party’s choosing subject to the Indemnified Party’s reasonable approval, so long as such defense is pursued diligently, and will provide the Indemnifying Party, at the Indemnifying Party’s expense, with information and assistance that is reasonably necessary for the defense and settlement of the Claim; provided, however, that the Indemnifying Party shall not admit fault in any settlement or settle any claim other than for money without the Indemnified Party’s prior written consent. The Indemnified Party shall have the right to employ separate counsel and to participate in (but not control) any such action.

19. INSURANCE

Each Party will, at its own expense, maintain insurance policies that cover the Party’s activities under this Agreement and the activities of the Party’s employees, agents and representatives, including, but not limited to, workmen compensation insurance (wherever applicable) and comprehensive general liability and errors and omissions liability. Upon the request of the other Party, the Party to which the request is made shall cause its insurer(s) or insurance broker to provide the requesting Party with a certificate of insurance evidencing such coverages. Without limiting the generality of the foregoing, Provider shall carry such insurance as provided in Schedule 19.1 hereto.

20. LIMITATIONS ON LIABILITY

20.1 Liability Cap

Except for each Party’s indemnification obligations under Section 18 above, and Claims arising out of or related to a Party’s gross negligence, willful misconduct, or breach of obligations with respect to Confidential Information, in no event shall either Party’s total cumulative liability under this Agreement, whether based on breach of contract, tort (including negligence) or otherwise, exceed the *; provided, however, that in the event that a Claim arises during the * after the Effective Date, then the maximum aggregate amount of such Party’s liability shall be equal to the total amount of payments projected to be made by Customer under this Agreement during the * after the Effective Date. Provider and Customer further acknowledge and agree that they are entering in to this Agreement on the understanding that the fees for the Services to be provided under this Agreement have been set to reflect the fact that the liability and remedies shall be limited as expressly set forth in this Agreement.

20.2 Consequential Damages

Except for each Party's indemnification obligations under Section 18 above, neither Party shall be liable to the other for any indirect, incidental, punitive, special or consequential loss, damage, cost or expense including, without limitation, loss of profits, loss of data, and loss of revenues, of any kind whatsoever and however caused, whether arising under contract, tort (including negligence or breach of statutory duty) or otherwise, even if that Party has been advised of its possibility. For the avoidance of doubt, the Parties agree that any damages resulting from a Party's failure to fulfill its obligations in accordance with this Agreement in the form of fines, penalties refund obligations and other financial costs levied or imposed on Customer as a result of Provider's failure to perform the Services in accordance with the requirements of this Agreement shall be considered direct damages and shall not be considered consequential damages.

21. FORCE MAJEURE

21.1 Force Majeure Events

Except to the extent provided in this Agreement, no Party shall be liable for any default or delay in the performance of its obligations under this Agreement (i) if and to the extent such default or delay is caused, directly or indirectly, by acts of terrorism, fire, flood, earthquake, elements of nature or acts of God, riots, civil disorders, or any other such similar cause beyond the reasonable control of such Party, and (ii) provided the non-performing Party is without fault in causing such default or delay, and such default or delay could not have been prevented by reasonable precautions and could not reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means (including with respect to Provider, by Provider meeting its obligations for performing disaster recovery services as described in this Agreement). Any such event or occurrence as described in this Section 21.1 shall be deemed a "Force Majeure Event."

21.2 Excused Performance

Upon notification to the other Party of the occurrence of a Force Majeure Event, the non-performing Party, except to the extent provided in this Agreement, shall be excused from further performance or observance of the obligations so affected for as long as such circumstances prevail and such Party continues to use commercially reasonable efforts to recommence performance or observance without delay. Any Party so delayed in its performance shall immediately notify the Party to whom performance is due by telephone (to be confirmed in writing within twenty-four (24) hours of the inception of such delay) and describe at a reasonable level of detail the circumstances causing such delay.

21.3 Force Majeure Remedies

Notwithstanding any other provision of this Agreement, Provider agrees that no Force Majeure Event that affects Provider's performance hereunder shall relieve Provider from its obligations for a period of more than three (3) days from the date on which Provider notifies or should have notified Customer of a Force Majeure Event. After the elapse of such period, all SLAs and other covenants applicable to Provider's performance under this Agreement or any SOW shall again be in full force and effect. In addition, if any Force Majeure Event substantially prevents, hinders or

delays Provider's performance of the Services such that it substantially interferes with Customer's business for more than twenty four (24) hours, then Provider shall immediately shift its provision of the Services from the affected Facility to a Disaster Recovery Site described in Section 8 above (if Provider has not done so already). If the Force Majeure Event continues for more than three (3) consecutive days and Provider's performance falls below the Catastrophic Failure Service threshold with respect to a Service, which for this purpose shall be no lower than 80% of the baseline Service Level specified in an applicable SOW (as supplemented by the SSIO thereto) with respect to any Service, then Customer may, at its option and without violation of the volume obligations under such SOW, procure such Service from an alternate source, and Provider shall be liable for payment for such Service from the alternate source, less any amounts that Customer did not pay to Provider as the result of Services not being rendered, for the lesser of (i) the period of time in which Provider's performance remains so impaired, and (ii) thirty (30) days. Finally, effective beginning seven (7) days after Provider's notification of the Force Majeure Event, in the event Provider's performance remains below the Catastrophic Failure Service threshold with respect to a Service, which for this purpose shall be no lower than 80% of the baseline Service Level specified in an applicable SOW (as supplemented by the SSIO thereto) with respect to any Service, Customer may (x) terminate any portion of this Agreement so affected in whole or in part without penalty or fee, and the charges payable hereunder shall be equitably adjusted to reflect those terminated Services; or (y) terminate this Agreement in whole without liability to Provider, as of a date specified by Customer in a written notice of termination to Provider. Subject to the preceding sentence, Provider shall not have the right to any additional payments from Customer for costs or expenses incurred by Provider as a result of any Force Majeure Event. For the avoidance of doubt, the Parties agree the foregoing rights of Customer shall be in addition to and not in lieu of any other remedies available to Customer hereunder or under law or equity.

21.4 Conditions on Provider's Response

In addition to Customer's rights set forth in this Section 21, the following conditions shall apply to Provider's response to a Force Majeure Event:

- 21.4.1 Whenever a Force Majeure Event causes Provider to allocate limited resources between or among Provider's customers, Provider shall allocate such resources in an equitable manner and shall not disadvantage Customer with respect to such allocation; and
- 21.4.2 In no event shall Provider re-deploy or reassign any Key Provider Personnel filling Key Provider Positions on the Customer account to another Provider customer, in the event of a Force Majeure Event.

22. TERMINATION

22.1 Termination Due to Breach

- 22.1.1 Termination by Customer. Customer shall have the right to terminate this Agreement or any SOW, in whole or in part, or exercise the interim remedy described in Section 22.3 below by giving the specified written notice to Provider

and without further obligation or liability on the part of Customer, upon the occurrence of any of the following events of default (each, a “Provider Default”):

- 22.1.1.1 Upon ten (10) days notice if Provider commits a Provider Performance Default (as such term is defined in Section 22.2 below);
- 22.1.1.2 immediately upon notice if Provider violates (i) its non-compete obligations set forth in Section 25 below, (ii) any of its obligations relating to Customer Confidential Information or Customer Data, (iii) its compliance with applicable laws obligations relating to anti-corruption (Section 9.5), Restricted or Excluded Parties (Sections 10.2 and 17.3.7) or OFAC’s economic sanctions regulations (Section 9.6); or
- 22.1.1.3 upon thirty (30) days notice (or immediately if the material breach cannot reasonably be cured within such thirty (30) days) if Provider commits a material breach of any other provision of this Agreement.
- 22.1.2 Termination by Provider. Provider shall have the right to terminate this Agreement by giving at least thirty (30) days’ prior written notice to Customer in the event that Customer fails to pay Provider when due charges totaling at least three (3) months’ charges under any SOW (excluding (i) amounts set off pursuant to Section 15.7, and (ii) disputed payments withheld pursuant to Section 15.5) and Customer fails to remedy the delinquency within thirty (30) Business Days of its receipt of such written notice (a “Customer Default”).

22.2 Termination Due to Failure to Meet Performance Standards

Provider shall be deemed to have committed a “Provider Performance Default” if:

- 22.2.1.1 Provider is liable to pay Major SLA Credits (as such term is defined in each SOW) under any SOW in any three (3) consecutive months or in any five (5) months within a rolling twelve (12) consecutive month period; or
- 22.2.1.2 A Catastrophic Failure (as such term is defined in each SOW) occurs.

22.3 Deferral and Assumption of Control Options

- 22.3.1 Upon the occurrence of a Provider Default, Customer may, at its sole option, defer its exercise of its termination rights under Section 22.1 above to dispatch Customer personnel to enter Provider’s facilities used to provide the Services and assist Provider with specific advice and instructions on how to improve its operations in performing the Services for up to * from the date Provider receives notice of a Provider Default (the “Deferral Period”). Provider shall cooperate fully with such assistance by Customer and implement any such Customer advice and instructions promptly.
- 22.3.2 If, at any time within the Deferral Period, Customer determines in its sole discretion that such limited assistance by Customer is insufficient to prevent a

recurrence of a Provider Default, Customer may, by giving written notice to Provider, discontinue the foregoing deferral of its exercise of termination rights and terminate this Agreement or any SOW, in whole or in part, and assume operational control over all of Provider's facilities used to provide the Services, the Provider Property, the Equipment, the Provider Software and the Provider Personnel for up to * from the date of such notice (the "Controlled Migration Period") for purposes of ensuring the proper performance of the Services and facilitating a smooth migration of the Services back to Customer or to Customer's designee. During such Controlled Migration Period, Customer shall have the full authority previously held by Provider to manage the operations and supervise the Provider Personnel used to provide the Services. Provider shall cooperate fully with, and take all necessary steps to effect, such assumption of control by Customer, the continued performance of the Services and the migration of the Services back to Customer or to Customer's designee. Without limiting the generality of the foregoing, on Customer's behalf and as Directed by Customer, Provider shall enforce all subcontracts and other third party contracts used in providing the Services or shall appoint Customer as Provider's agent for the purpose of enforcing such contracts during the Controlled Migration Period.

22.4 Charges Upon Partial Termination

In the event of any termination in part by Customer, as provided in this Agreement, the charges payable under this Agreement for Services will be equitably adjusted to reflect those Services that are terminated. Upon termination of any or all Services under any SOW or this Agreement, Provider will be owed payment for Services completed up until the date of termination notice expiration, subject to any set-offs in accordance with Section 15.7 above.

22.5 Termination For Insolvency

Customer shall have the option, but not the obligation, to terminate this Agreement in its entirety (including all SOWs) if Provider: (a) becomes insolvent or is unable to meet its debts or obligations; (b) files a voluntary petition in bankruptcy; (c) has an involuntary petition in bankruptcy filed against it that is not challenged within fifteen (15) days and dismissed within thirty (30) days; (d) is adjudicated a bankrupt; (e) has a receiver or trustee appointed for its assets; (f) makes a general assignment for the benefit of creditors; (g) has any significant portion of its assets attached.

22.6 Termination due to Change of Control

If Provider (or its ultimate parent entity) is subject to a "Change of Control" (as such term is defined below), Provider shall notify Customer thereof no later than ten (10) days after the Change of Control takes place.

22.6.1 Following the first such notice of a Change of Control, if (a) immediately prior to the Change of Control, the Parties were no longer under the common control of the same parent company, and (b) following the Change of Control, Provider is materially less financially sound, has materially less resources, willingness or

capability to provide the Services, or is controlled by a Competitor, then for a period of * from the date of notice, Customer shall have the right to terminate this Agreement upon * written notice but without liability (except as otherwise provided herein) to Provider, unless Customer received notice of the proposed Change of Control at least * prior to its consummation and consented in writing thereto within * of its receipt thereof. In the event Provider provides such prior notice of a proposed Change of Control to Customer, Customer may grant, withhold or condition its consent in its sole and absolute discretion within said * period. Provider prefers that Customer communicate its decision in writing to Provider and Customer shall attempt in good faith to accommodate such preference, but failure by Customer to provide its written consent within said * period shall be deemed to be a decision by Customer to withhold its consent.

22.6.2 In the event that Provider provides a second or subsequent notice of a Change of Control, then Customer shall have all termination and consent rights as provided in Section 22.6.1, regardless of Provider's financial health, resources, willingness or capability or any other criteria.

22.6.3 For purposes of this section, "Change of Control" means any merger, consolidation, share exchange, recapitalization or sale or transfer of equity securities of Provider (or its ultimate parent entity), in each case in which any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934), other than Provider or an Affiliate, acquires beneficial ownership (within the meaning of Rule 13d-3 under the Securities Exchange Act of 1934) of fifty percent (50%) or more of the combined voting power of the then-outstanding or fully diluted voting securities of Provider or its ultimate parent entity or the right to appoint the majority of the board of directors of either Provider or its ultimate parent.

22.7 Termination Due to Material Adverse Regulatory Change

22.7.1 Provider shall have the right to terminate this Agreement, in whole but not in part, by giving at least four (4) months' prior written notice to Customer in the event of a change in the U.S. tax or regulatory environment applicable to Provider and the offshore outsourcing industry generally, which change has a material adverse effect on Provider's ability or cost to provide the Services. In the event Provider terminates this Agreement pursuant to this Section 22.7, Provider shall pay to Customer a termination fee equal to the amount of fees Customer paid to Provider under the Agreement for the six (6) full calendar months period immediately preceding the termination; provided, however, that if Customer has paid less than six (6) months of fees immediately preceding the termination, then the termination fee shall be equal to the aggregate amount of fees that Customer paid or became obligated to pay to Provider as to each month for which fees were paid or became payable for the first six (6) months plus a projected amount based on the average monthly amount of the fees paid or payable for the months during the period when fees were in fact paid for each additional month necessary to bring the total number of months for which the termination fee is paid to six (6).

22.7.2 The number of months for which the termination fee described in Section 22.7.1 above shall be payable shall decrease by one month on the first anniversary and on each successive anniversary of the Agreement after a termination takes place. For example, if the Provider termination takes place between the first and the second anniversary of the Term of the Agreement, then the termination fee shall be equal to the amount of fees Customer paid to Provider under the Agreement during the five (5) full calendar months immediately preceding the applicable termination by Provider under Section 22.7, and, if the termination by Provider takes place between the second and the third anniversary of the Term of the Agreement, then the termination fee shall be equal to the amount of fees Customer paid to Provider for under the Agreement during the four (4) full calendar months immediately preceding the termination by Provider, with the annual reductions to continue in a like manner, except that in no event shall the termination fee be less than one month's fees paid or payable by Customer to Provider, irrespective of the date of termination by Provider.

22.8 Savings Clause

Due to the impact any termination of this Agreement would have on Customer's business, Customer's failure to perform its responsibilities set forth in this Agreement shall not be deemed to be grounds for termination by Provider. Provider acknowledges that Customer would not be willing to enter into this Agreement without assurance that it may not be terminated by Provider and that Provider may not suspend performance except, and only to the extent, pursuant to Section 15.5 or Section 22.1.2. Provider's nonperformance of its obligations under this Agreement shall be excused if and to the extent (a) such Provider nonperformance results directly from a Relief Event comprised of Customer's failure to perform its responsibilities; and (b) Provider provides Customer with reasonable notice of such nonperformance and (if requested by Customer) uses commercially reasonable efforts to perform, notwithstanding Customer's failure (with Customer reimbursing Provider for its out-of-pocket expenses for such efforts).

22.9 Relief Events

- 22.9.1 In addition to any other provisions in this context that may be contained in this Agreement (and without in any way prejudicing or limiting them), Provider will not be in breach of this Agreement or the applicable SOW or liable for SLA Credits to the extent its failure to perform an obligation under this Agreement or the applicable SOW is solely a direct result of a Relief Event, subject to Provider:
- 22.9.1.1 providing Customer as soon as reasonably practicable with notice of the Relief Event where the Provider is aware or should reasonably have been aware of such Relief Event;
 - 22.9.1.2 using all reasonable endeavours to perform the Services, notwithstanding the Relief Event; and
 - 22.9.1.3 cooperating with and assisting Customer to correct Customer's failure that gave rise to the Relief Event.

- 22.9.2 Provider shall not be entitled to rely on a Relief Event to avoid liability for breach of this Agreement, including payment of SLA Credits, if it fails to satisfy any of the conditions set out in Sections 22.9.1.1 to 22.9.1.3 above.
- 22.9.3 If Provider incurs a Significant Cost Increase to perform the Services pursuant to any SOW as a sole and direct result of any Relief Event, it shall be entitled to recover such additional direct costs from Customer, provided that Provider must obtain Customer's prior written consent before incurring costs in excess of \$500 per month or such other sum as may be specified in the applicable SOW.
- 22.9.4 Provided that Provider has complied with the provisions of Sections 22.9.1 and 22.9.2, Provider shall be entitled to an extension of the schedule for completion of the Services under the relevant SOW, and the period of the extension shall be at least equal to the reasonable delay caused solely and directly by such Relief Event.
- 22.9.5 The provisions of this Section 22.9 are Provider's exclusive remedy for any Relief Event.

23. EFFECTS OF TERMINATION

23.1 Wind-Up Events

Except as may be required in connection with any post-expiration or post-termination provision of the Services, upon the expiration or termination of this Agreement for any reason, (i) all licenses and other rights granted to Customer or Provider hereunder will terminate and become null and void, (ii) all materials, including without limitation, Confidential Information, provided by either Party to the other hereunder will be returned within thirty (30) days after the effective date of expiration or termination or shall be destroyed if so requested by the disclosing Party, and (iii) all earned and unpaid fees and expenses will become immediately due and payable.

23.2 Termination/Expiration Assistance

- 23.2.1 Provision of Services Prior to Termination/Expiration Date. Commencing (i) * prior to the scheduled expiration of this Agreement or a SOW, (ii) on such earlier date as Customer may request, or (iii) immediately upon any notice of termination or partial termination, as the case may be, including notice based upon a Provider Default or a Customer Default or a notice of non-renewal of this Agreement, and continuing through the effective date of expiration or, if applicable, of termination of this Agreement, Provider shall provide to Customer, or at Customer's request to Customer's designee, the reasonable termination/expiration assistance requested by Customer to allow the Services to continue in accordance with the terms of this Agreement and to facilitate the orderly migration of the Services to Customer or its designee (the "Termination/Expiration Assistance"). In the event of any partial termination, the provision of Termination/Expiration Assistance shall be provided by Provider only as applicable to the Services terminated. The Termination/Expiration Assistance shall include but not be limited to the assistance described in Schedule 23.2.1 hereto.

-
- 23.2.2 Provision of Services After Termination/Expiration Date. In addition to the Termination/Expiration Assistance set forth in the preceding paragraph:
- 23.2.2.1 Upon expiration of the Term of this Agreement, for up to a period of * thereafter, Provider shall continue to provide, at Customer's written request made at least * prior to such expiration, any or all of the Services being performed by Provider prior to such expiration date, including the Termination/Expiration Assistance.
- 23.2.2.2 In the event that Customer terminates this Agreement pursuant to Sections 21.3 (Force Majeure), 22.1.1 (Provider Default), 22.2 (Provider Performance Default), 22.5 (Insolvency), or 22.6 (Change of Control), then either (i) for up to a period of * following the effective date of termination of this Agreement, Provider shall continue to provide, at Customer's request, any or all of the Services being performed by Provider prior to such effective date, including the Termination/Expiration Assistance, or (ii) Customer may exercise its rights under Section 22.3.1 above (if applicable).
- 23.2.2.3 In the event that Customer terminates this Agreement pursuant to Section 3.3 (Termination for Convenience), then for up to a period of * following the effective date of termination of this Agreement, Provider shall continue to provide, at Customer's request, any or all of the Services being performed by Provider prior to such effective date, including the Termination/Expiration Assistance.
- 23.2.2.4 In the event that Provider terminates this Agreement pursuant to Section 22.1.2 (Non-Payment), then for up to a period of * following the effective date of termination of this Agreement, Provider shall continue to provide, at Customer's request, any or all of the Services being performed by Provider prior to such effective date, including the Termination/Expiration Assistance; provided, however, in the event of termination pursuant to Section 22.1.2, Provider shall only have the foregoing obligations to the extent that Customer prepays all fees for such Services (equal to the fees determined under this Agreement during the Term) on a month-by-month basis.
- 23.2.2.5 In the event that Provider terminates this Agreement pursuant to Section (Material Adverse Regulatory Change), then for up to a period of * following the effective date of termination of this Agreement, Provider shall continue to provide, at Customer's request, any or all of the Services being performed by Provider prior to such effective date, including the Termination/Expiration Assistance; provided, however, that, upon the execution of an appropriate Change Order, Provider may provide such Services from any of its offices located worldwide, which Change Order shall also specify the allocation of any additional costs that may be incurred by Provider in providing such Services from such other location.
- 23.2.3 To the extent Provider is to perform Services pursuant to Section 23.2.2 which were being performed prior to the termination/expiration date of this Agreement, the provisions of this Agreement shall be applicable as such provisions would

have been applicable to the Services prior to the effective date of termination. The charges for such activities that are provided without cessation by Provider after termination of the Agreement shall be: (i) for those Services for which there is a charge in the Agreement, such charges as were in effect immediately prior to the termination date, and (ii) for those Services for which there is no charge in the Agreement, at such rates as may be considered equitable by the JSC under the circumstances.

23.2.4 Cooperation. In the process of evaluating whether to allow the expiration, termination or renewal of this Agreement, Customer may consider obtaining, or determine to obtain, offers for performance of services similar to the Services prior to or following the termination/expiration of this Agreement. As and when reasonably requested by Customer for use in such a process, Provider shall provide to Customer such information and other cooperation regarding performance of the Services as would be reasonably necessary for a third party to prepare an informed, non-qualified offer for such services. Provider's support in this respect shall include providing information regarding Equipment, Software, staffing and other matters as are necessary for the preparation of any such offer. Such cooperation shall include, including upon any termination in whole or in part, providing Customer and its designee (including third party vendors who shall transition the Services from Provider): (i) descriptions of hardware, software and services configurations, and (ii) reasonable access to Provider facilities utilized to provide the Services, provided however that Provider shall not be required to house any such third party personnel at such Provider facilities and subject to Provider's generally applicable confidentiality and security requirements.

23.2.5 Each Party's termination rights set forth in this Agreement are cumulative and are in addition to all other rights and remedies available to the Parties.

23.3 Post Termination Rights and Obligations

Termination of this Agreement or any SOW hereunder (howsoever occasioned) shall not affect the any accrued rights or liabilities of either Party nor shall it affect the coming in to force or the continuance in force of any position hereof which is expressly or by implication intended to come into or continue in force on or after such termination. In addition, in the event of a termination of a SOW, such termination shall not affect the obligations of the Parties under other SOWS. For the avoidance of doubt, in accordance with Section 26.19 below, all clauses, which by their nature ought or intend to survive the expiration or termination of this Agreement, shall continue to so survive or operate following the expiration or termination of the Agreement.

24. DISPUTE RESOLUTION

24.1 Level 1

Any dispute relating to the interpretation of, arising out of, relating to or in connection with this Agreement or any SOW, including any question regarding its existence, validity or termination

(a “Dispute”), will be referred in the first instance to the JSC for resolution, which will in good faith attempt to resolve a Dispute within *.

24.2 Level 2

If a Dispute is not resolved as per Level 1 above, then it shall be referred to the Governance Board for resolution which will in good faith attempt to resolve the Dispute within a further *.

24.3 Level 3

- 24.3.1 If a Dispute is not resolved as per Level 2 above, then either Party may initiate binding arbitration administered by the International Centre for Dispute Resolution of the American Arbitration Association (the “AAA”) in accordance with its International Arbitration Rules by providing written notice to the other Party informing the other Party of such intention and the issues to be resolved.
- 24.3.2 The arbitral panel shall consist of one arbitrator (where the amount in dispute is not more than US\$ *), and three arbitrators (where the amount is more than US\$ *). If there is to be only one arbitrator, that person will be selected in accordance with the AAA procedures referred to above. If there are to be three arbitrators, they will be selected as follows: each Party shall appoint one arbitrator within fifteen (15) days after the notice of arbitration is received, and within fifteen (15) days of the appointment of both such Party-appointed arbitrators, such two arbitrators shall discuss and select a chairman. If the two Party-appointed arbitrators are unable to agree on the chairman within such period, then the chairman shall be selected in accordance with the applicable rules of the AAA. Each arbitrator shall be independent of each of the Parties. The Parties shall use their commercially reasonable efforts to conclude the arbitration within three (3) months after all three arbitrators have been appointed. Each arbitrator shall be required, prior to his or her appointment, to acknowledge his or her intention and availability to meet the Parties’ desire that a final decision be issued with respect to the dispute within the time period specified in the preceding sentence.
- 24.3.3 The Parties will be entitled to conduct documentary discovery and depositions, the scope of which shall be set by arbitrators. Discovery shall be conducted consistent with the International Bar Association Rules on the Taking of Evidence in International Arbitration.
- 24.3.4 The language of arbitration shall be English, and the place of arbitration shall be Los Angeles, California, in the United States. The costs of arbitration, including administrative and arbitrator fees, shall be shared equally by the Parties, provided that each Party shall bear the expenses of its witnesses, counsel and other experts. Notwithstanding the foregoing, in the event that an arbitration is initiated for any Dispute and results in an arbitral award that is valued at less than \$*, then the Party that initiated such arbitration shall be responsible for paying both Parties’ arbitration costs (including all administrative and arbiter fees as well as the

expenses of witnesses, counsel and other experts of both Parties), regardless of which Party ultimately prevailed in such Dispute.

- 24.3.5 The award or decision of the arbitrators shall be in writing, shall set forth the basis for such award and shall be final and binding upon the Parties. Judgment upon the award or decision may be entered in any court of competent jurisdiction, or application may be made to such court for judicial acceptance of the award and/or an order of enforcement, as the case may be.
- 24.3.6 Nothing in this Agreement shall be deemed as preventing any Party from seeking preliminary injunctive relief, temporary equitable relief or any other provisional remedy in aid of arbitration from any court of competent jurisdiction. The Parties hereby agree and acknowledge that Part I (except Section 9) of the Arbitration and Conciliation Act, 1996, of India shall not apply and no Party to any Dispute shall claim the application of Part I (except Section 9) of the Arbitration and Conciliation Act, 1996.

24.4 Continued Performance

Each Party agrees to continue performing its obligations under this Agreement while a Dispute is being resolved, except to the extent the issue in dispute precludes performance (it being agreed that a Dispute over payment shall not be deemed to preclude performance) and without limiting either Party's right to terminate this Agreement as provided in Section 22.

25. NON-COMPETE OBLIGATIONS

25.1 No Services to Competitors

In recognition and acknowledgement of the fact that (i) Provider currently lacks experience and knowledge in providing services to the home healthcare industry in the United States, (ii) Customer will be providing substantial training and imparting Customer and industry-specific information to Provider and the Provider Personnel during the Term hereof as well as investing considerable resources in outsourcing the Services to Provider, and (iii) Provider and the Provider Personnel will benefit tremendously from receiving such training and infusion of information and Customer's investment, Provider hereby agrees and undertakes that during the *, unless otherwise agreed by Customer, Provider shall not, and shall cause the Provider Personnel not to: (1) render services to or otherwise assist or support any Competitor; or (2) or carry on or engage directly or indirectly, whether through partnership or as a shareholder, joint venture partner, collaborator, consultant, employee, or agent or in any other manner whatsoever, whether for profit or otherwise, any business undertaken by any Competitor.

25.2 Provider Personnel

In addition, Provider shall take all legally permissible steps to subject the Provider Personnel, including, without limitation, those persons occupying Key Provider Positions, to the same restrictions. Provider shall, within thirty (30) days of execution of this Agreement, provide copies of letters signed by each of the Provider Personnel occupying Key Provider Positions agreeing to be bound by the provisions of this Section 25 and specifically stating that in the event

the Provider Personnel commits a breach of the provisions hereof, then a significant proportion of his or her annual remuneration that has been, is being or will be withheld by Provider will be forfeited.

26. GENERAL

26.1 Governing Law

This Agreement and all matters and Disputes relating to it shall be governed by and construed in accordance with the laws of the State of Delaware (excluding its conflict of laws statutes and principles) and applicable United States federal law.

26.2 [Reserved]

26.3 Relationship Of The Parties

- 26.3.3 Each Party agrees to assume complete responsibility for its own employees with regard to federal or state employer's liability and withholding taxes, worker's compensation, social security, unemployment insurance, and occupational health and safety requirements and other federal, state and local laws.

26.4 Severability

If at any time any clause or part of this Agreement, is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid or unenforceable in any respect, such provision will be deemed restated, in accordance with applicable law, to reflect as nearly as possible the original intention of the parties, and the remainder of the Agreement will continue in full force and effect.

26.5 Entire Agreement

- 26.5.1 This Agreement, together with all applicable SOW(s), Schedules and Annexure(s) attached hereto, is the complete and exclusive Agreement between the Parties with respect to the subject matter hereof, superseding any prior agreements and communications (both written and oral) regarding such subject matter except to the extent provisions of other agreements are incorporated herein by reference.

26.5.2 For purposes of interpreting the meaning and intent of this Agreement, the main text of this Agreement and the Schedules attached hereto shall, together, be considered to be a single and fully integrated agreement. In the event of an irreconcilable conflict between the provisions contained in this main text of this Agreement together with the Schedules on the one hand, and the specific provisions set forth in a SOW or Annexure on the other hand, the provisions of the main text of this Agreement together with the Schedules shall control unless the provisions of the SOW or Annexure specifically reference the provisions of the main text of this Agreement or the Schedules that are inconsistent therewith, in which case the SOW or Annexure shall control those provisions only.

26.6 Binding Nature and Assignment

This Agreement shall be binding on the Parties hereto and their respective successors and assigns. Provider may not assign this Agreement without the prior written consent of Customer, which consent Customer may withhold or condition in its sole and absolute discretion. Any assignment by operation of law, order of any court, or pursuant to any plan of merger, consolidation or liquidation, shall be deemed an assignment for which prior written consent is required. 26.8 Public Disclosures

All media releases, public announcements and public disclosures by either Party relating to this Agreement or the subject matter of this Agreement, including promotional or marketing material, but not including announcements intended solely for internal distribution or disclosures to the extent required to meet legal or regulatory requirements beyond the reasonable control of the disclosing Party, shall be coordinated with and approved by the other Party prior to release. Notwithstanding the foregoing, Provider may list Customer as a customer and describe in general terms the services provided by Provider under this Agreement in proposals and other marketing materials.

26.9 No Third Party Beneficiaries

This Agreement is intended for the sole and exclusive benefit of the signatories and is not intended to benefit any third party. Only the Parties to this Agreement may enforce it.

26.11 Headings

The headings in this Agreement are for convenience of reference only and have no legal effect.

26.12 Rights Cumulative

- 26.12.1 The rights and remedies of the Parties under this Agreement are cumulative and not exclusive of any rights or remedies to which either Party is entitled by law.

- 26.14.1 The failure to exercise or delay in exercising a right or remedy provided by this Agreement or by law does not constitute a waiver of such right or remedy or a waiver of other rights or remedies.
- 26.14.2 A waiver of a breach of any of the terms of this Agreement or of a default under this Agreement does not constitute a waiver of any other breach or default and will not affect the other terms of this Agreement.
- 26.14.3 waiver of a breach of any of the terms of this Agreement or of a default under this Agreement will not prevent a Party from subsequently requiring compliance with the waived obligation.
- 26.14.4 No waiver will have effect unless made in writing.
- 26.14.5 Any waiver by either Party of a breach of any provision of this Agreement will not be considered as a waiver of any subsequent breach of the same or of any other provision thereof.

26.15 Amendments

- 26.15.1 Except as specified herein or in Article 5 of this Agreement, no modification, amendment to, or alteration of this Agreement, including, without limitation, any Schedules referred to herein and attached hereto, or any SOW, shall be effective unless such modification, amendment or alteration is reduced to writing, states the

clear intent of the Parties to modify, amend or alter the specified provisions of this Agreement and is signed by all Parties, except for a change of address provided by one Party to the other. Notwithstanding the foregoing, Customer may at its sole discretion, from time to time, unilaterally amend any Payor contract to which it is a party and, subject to Section 4.5, its procedures as they relate to Provider's performance hereunder, and (where not prohibited by law or elsewhere in this Agreement) the Administrative Manuals. If such modification is required by the regulatory agency with respect to fewer than all of the SOWS, the modification shall be to the applicable SOW(s) only. The modification shall be effective upon its delivery to the other Party, provided that the notifying Party shall in good faith consider and entertain any objections of the other Party to the proposed modification. If the other Party disagrees with the modification, such Party may seek review of the proposed modification by, as applicable, the JSC, and the Governance Board, provided that the modification shall be in force and effect pending such process.

26.16 Consents and Approval

Except where expressly provided as being in the discretion of a Party, where approval, acceptance, consent or similar action by either Party is required under this Agreement, such action shall not be unreasonably delayed or withheld. An approval or consent given by a Party under this Agreement shall not relieve the other Party from responsibility for complying with the requirements of this Agreement, nor shall it be construed as a waiver of any rights under this Agreement, except as and to the extent otherwise expressly provided in such approval or consent.

26.17 Further Assurances

Each Party shall, at the request of the other Party, perform those actions, including executing additional documents and instruments, reasonably necessary to give full effect to the terms of this Agreement.

Schedule 4.2**Migration / Implementation**

Unless otherwise agreed to between the Parties, the following process shall be utilized by the Parties for purposes of (i) identifying the scope of Services to be provided under each SOW, each task to be included in the Services and the practices, policies and procedures to be adhered to in providing such Services, (ii) establishing the baseline levels of staffing to be utilized in providing such Services based on the historical volumes and productivity over at least a six-month period prior to the Ramp Up Period as processed by Customer or, if such historical data is unavailable, the actual volume of transactions and the actual productivity of the Provider Personnel during the Ramp Up Period, (iii) establishing the method and level of compensation to be paid to Provider in connection with such Services, (iv) establishing Performance Standards and Service Levels applicable to such Services, and (v) establishing thresholds for the different levels of Service Failures (Minor, Major and Catastrophic) and Service Excellence (Minor and Major) and the values of SLA Credits and SLA Bonuses, respectively, associated with each.

1. Pre-Services Migration Plan. Prior to the execution of each SOW, the JSC shall prepare and the Governance Board shall approve a plan for the migration of the Services covered by the SOW from Customer's work force to Provider's work force (the "Pre-Services Migration Plan"). The Pre-Services Migration Plan will include the following elements unless the JSC and Governance Board determine otherwise:
 - (a) Planning Period. During this initial period (the "Planning Period"), the JSC, Governance Board and other representatives of the Parties, as appropriate, will discuss in concept the Services which will be the subject of the SOW. If such representatives of the Parties concur that the Services under discussion are appropriate for outsourcing to Provider, Customer will provide Provider with the following:
 - A written description of the Services in question and a description of how the Services are currently being performed by Customer;
 - Customer's policies and procedures and standard operating practices relating to the Services in question;
 - The anticipated volume of transactions comprising the Services in question;
 - Estimates of how long it takes to complete each such transaction as currently performed by Customer personnel;
 - The number of Customer employees currently devoted to the performance of such Services; and

- To the extent such data exists and is readily available, details regarding the Customer's baseline data for the previous six months.

Based upon the foregoing information, Provider will prepare and submit to the JSC for approval a draft SOW that will include, among other things, a proposed staffing plan specifying the number of FTEs required to provide the Service (which, in any event, shall be no greater than ninety percent (90%) of the number of full-time Customer employees currently devoted to the performance of the same Service) and the Provider Personnel who will occupy the Key Provider Positions as well as the proposed RU Rates for the Ramp Up Period pertaining to each proposed Service. If the JSC and Governance Board approve the draft SOW, the Parties will then memorialize their understanding in a finalized SOW. Unless otherwise specified in the SOW, the SOW shall be effective upon execution by an Authorized Representative of each Party (the "SOW Effective Date")

In the event that Customer is unable to provide the baseline data for the previous six months, then Provider, if requested by Customer, or Customer will perform a base-lining exercise for validation of the SLA targets during the Ramp Up Period and thereafter submit to the JSC for approval a proposed Steady State Implementation Order for such SOW that includes, at a minimum, the proposed SS Rates and SLA terms for the Steady State Period pertaining to each proposed Service. If the JSC and Governance Board approve the SSIO, the Parties will then memorialize their understanding in accordance with the Change Order procedures described in Section 4.5 of the main text of the Agreement.

(b) Other Pre-Services Migration Plan Provisions. The Pre-Services Migration Plan shall also include:

- (i) a description of the Services being migrated;
- (ii) a description of the methods and procedures, personnel (including skill sets and allocation) and organization Provider will use to perform the Migration;
- (iii) a training methodology plan to manage the transfer of knowledge from Customer to Provider Personnel, which plan may include travel by such Personnel to Customer facilities or Customer personnel traveling to Provider facilities, or both;
- (iv) a schedule of Migration activities, including a project plan from beginning until production cutover, including milestones, risks and risk management plans;
- (v) Provider Personnel information, such as years worked and years with business process outsourcing experience and other relevant qualifications, for the key Provider Personnel as reasonably specified by Customer;
- (vi) a detailed description of the respective roles and responsibilities of Customer and Provider; and

- (vii) such other information and planning as are necessary to ensure that the Migration takes place on schedule and without unplanned disruption to Customer operations.
 - (c) Provider shall be responsible for revising and finalizing the base project plan under the Pre-Services Migration Plan in consultation with Customer Account Manager or the JSC, provided that: (i) Provider shall cooperate and work closely with Customer in making changes to the Pre-Services Migration Plan, if so requested by Customer; and (ii) any changes to the Pre-Services Migration Plan and subsequent versions of the Pre-Services Migration Plan shall be subject to mutual written agreement by the Parties and any such changes shall be made pursuant to the Change Order procedures described in Section 4.5 of the main text of the Agreement.
 - (d) *
 - (e) *
 - (f) *
2. Volume Forecasts. During the Steady State Period, Customer will provide Provider with rolling ninety (90) day volume forecasts at least sixty (60) days in advance of each month, starting with the first full month after the SS Commencement Date (the "Volume Forecasts"); provided, however, that the initial two (2) Volume Forecasts shall not be subject to the foregoing 60-day advance provision requirement. The Volume Forecasts shall be binding on Customer forty-five (45) days after Customer provides the Volume Forecast to Provider. Each Volume Forecast shall be signed by the Customer Account Manager and acknowledged in writing by the Provider Account Manager.

If the actual volume of transactions during a particular month does not deviate more than * from the binding Volume Forecast for that month (the "Acceptance Forecast Variance"), Customer will pay Provider for the actual volume of transactions processed during such month, subject to any applicable SLA Credits or SLA Bonuses. If the actual volume of transactions is less than the binding Volume Forecast for that month by more than *, then, in addition to paying for the actual volume of transactions, Customer shall pay Provider for the number of transactions that fall below the Acceptable Forecast Variance (the "Shortfall Transactions") for that month such that, when such Shortfall Transactions are added to the actual volume for the month, the sum shall be equal to * of the applicable binding Volume Forecast. If the actual volume of transactions are greater than the Volume Forecast by more than *, Customer shall pay Provider for the actual volume processed, subject to any applicable SLA Credits or Bonuses, provided that Provider shall not be responsible for maintaining service levels agreed upon in the relevant SOW (or liable for SLA Credits thereon) for the volume of transactions that exceed the Acceptable Forecast Variance (the "Surplus Transactions"). Notwithstanding the foregoing sentence relating to Surplus Transactions, to the extent applicable, a SOW may also specify the maximum volume of transactions that Provider can process in one day.

- (a) For example, if the binding Volume Forecast for the month of March is * transactions:
- (i) If the actual volume of transactions processed for March is * transactions, Customer shall pay Provider for such * transactions as well as an additional * transactions because such * transactions represent the number of Shortfall Transactions for such month.
 - (ii) If the actual volume of transactions processed for March is * transactions, Customer shall pay Provider for * transactions and Provider will not be responsible for maintaining the service levels agreed upon in the relevant SOW (or liable for SLA Credits thereon) for * transactions because such * transactions represent the number of Surplus Transactions for such month.
 - (iii) If the actual volume of transactions processed for March is * transactions, Customer shall pay Provider for * transactions because the actual volume is within the Acceptable Forecast Variance.

3. Provider's Responsibilities.

- (a) Provider's responsibilities with respect to the Migration, as set forth in this Schedule, are referred to as the "Provider Migration Responsibilities." Such Provider Migration Responsibilities include:
- (i) maintaining without unplanned disruption the Services and not otherwise unnecessarily disrupting Customer's business operations;
 - (ii) hiring and training Provider Personnel, preparing the appropriate number of physical seats with the necessary technology and bandwidth on the communication links from India to the Provider's point of presence in the United States and paying all costs associated therewith; and
 - (iii) otherwise performing such migration tasks as are necessary to enable Provider to provide the Services, including following the Migration.
- (b) Provider will designate an individual who will be authorized to act as Customer's primary contact with respect to the Migration (the "Provider Migration Manager"). Provider will not remove the individual serving as the Provider Migration Manager without Customer's consent during such period of time from the Effective Date of the SOW through the completion of the Migration, unless any such individual (i) voluntarily leaves Provider; (ii) is removed because of performance reasons; (iii) has breached his or her employment agreement; or (iv) is physically unable to perform the tasks required (e.g., because of sickness or accident).
- (c) Except (i) as authorized by the JSC, or (ii) if necessary in the event of an emergency such that it would be impractical for Provider to consult with Customer (and solely for so long as the emergency continues), Provider shall

perform the Migration in accordance with the Migration Plan. Customer shall cooperate and provide reasonable assistance with respect to the Migration as specified in the Migration Plan or as otherwise requested reasonably in advance by Provider.

- (d) During the Migration, the Provider Migration Manager shall report weekly to Customer Migration Manager (as such term is defined below) regarding the status of the Migration.
- (e) If the Migration is not completed on or before the SS Commencement Date, then to the extent that such failure is due to the fault of Provider or its subcontractors or factors within their control, or due to causes beyond the reasonable control of Provider and Customer, Provider shall continue to take any and all actions, at Provider's expense, necessary to cause the Services to be provided to Customer until such time as the incomplete portion of the Migration is complete and Provider is able to provide the Services to Customer. In addition, Customer shall have the right to terminate the SOW upon written notice to Provider without further liability to Provider thereunder.

However, if the Migration is not completed on or before the SS Commencement Date, then to the extent that such failure is due to the fault of Customer or other Service Recipients or factors within their control or due to causes beyond the reasonable control of Customer, upon Customer's written request, Provider shall continue to take any and all actions, at Customer's expense (at the applicable RU Rates), necessary to cause the Services to be provided to Customer until such time as the incomplete portion of the Migration is complete.

4. Customer's Responsibilities.

- (a) Customer's responsibilities with respect to the Migration, as set forth in this Schedule, are referred to as the "Customer Migration Responsibilities." Such Migration Responsibilities include:
 - (i) establishing communications lines and network connections from Customer facilities to Provider's point of presence (POP) in the United States, as required for Provider to access necessary Customer systems;
 - (ii) otherwise performing such migration tasks as are necessary to enable Provider to provide the Services, including following the Migration.
- (b) Customer will designate an individual who will be authorized to act as Provider's primary contact with respect to the Migration (the "Customer Migration Manager").

- 5. Schedule of Migration. It is anticipated that the Migration shall take place as a phased process with discrete groups of Services transferring to Provider at different times pursuant to an SOW for each such group (referred to herein as a "Wave"). The schedule for migration of Services as presently contemplated by the Parties is set forth below.

Either Party may decline to enter into or delay entering into a SOW for any Wave without penalty, other than as may be specifically provided in this Schedule. In addition, any description of the Services and the implementation dates described below are included for illustrative purposes only and will be superseded by the provisions of the applicable SOWs.

Schedule 15.4

Rate Adjustments and Benchmarking

1. Rate Adjustments

- (a) RU Rates. The RU Rates set forth in Schedule 15.1 shall remain fixed through * and thereafter shall increase by * at the start of *.
- (b) SS Rates. The SS Rates set forth in each SOW shall remain fixed up for the initial * following the relevant SS Commencement Date and thereafter shall increase by * on the * and each subsequent * thereof. The SS Rates shall be subject to further adjustments, however, from time to time upon the occurrence of any of the following events:
 - (i) Upon each of the * of the relevant SOW Commencement Date, each SS Rate shall decrease by * to reflect the contemplated efficiency and productivity gains by Provider Personnel as depicted in the example contained in the Table 1 below;
 - (ii) Upon any Customer technology enhancements or Customer-proposed process improvements that result in productivity gains, the SS Rate of each affected Service shall decrease to reflect the full amount of such productivity gains;
 - (iii) Upon any Provider technology enhancements after the second anniversary of the SS Commencement Date that result in productivity gains, the SS Rate of each affected Service shall decrease to reflect * of the amount of such productivity gains, provided Customer bears the costs of such enhancements (a) in their entirety, in the case of Customer-specific enhancements, or (b) on a pro rata basis, in the case of enhancements that Provider can use to benefit multiple customers;
 - (iv) Once the number of Provider Personnel engaged in the provision of Services in a Steady State Period across all SOWs under the Agreement has reached the equivalent of *, upon any sustained increase in the average monthly volume of Services requested by Customer under the Agreement over * that is more than * greater than the volume in the preceding *, the Parties shall apply the discounts set forth in Table 2 below to the relevant SS Rate to reflect such increase in volume; and/or
 - (v) Upon the completion of any benchmarking study conducted in accordance with the procedures specified below that indicates that the SS Rates and/or performance of Provider is not in the * (as such term is defined below), the Parties shall negotiate in good faith an equitable adjustment to the SS Rate that takes into account the results of the study and particular circumstances relating to Provider's provision of the Service in question.

The foregoing example uses \$* as the initial SS Rate that applies during the * following the SS Commencement Date. On the * date thereof, the then-prevailing SS Rate of \$* will be adjusted simultaneously by both the projected * in labor costs and the projected * in units of labor utilized per transaction (resulting from the presumed efficiency gains and productivity increases). On the * of the SS Commencement Date and each * thereafter, the then-prevailing SS Rate (\$* in Year 2 of our example), will be adjusted, first, by the annual projected * in labor costs and the labor cost-adjusted rate then further adjusted by the second projected * in units of labor utilized per transaction. The then-prevailing SS Rate will thereafter be adjusted by the projected * in labor costs on each subsequent * date and such other adjustments as provided in this Schedule 15.4 from time to time.

2. Benchmarks

- (a) Customer shall have the right during the SOW Term, beginning upon the * of the SS Commencement Date, to benchmark the SS Rates for, and Provider's performance of, all or a portion of the Services, provided that the benchmarking of any particular SS Rate cannot be undertaken more than * in any rolling * period.
- (b) A benchmarking study may be conducted by Customer utilizing its own forces or such consultants as Customer may deem appropriate, and Customer may request an adjustment to the compensation Provider receives hereunder on the basis thereof. If Provider agrees to such rate adjustment, then the Agreement and any applicable SOWs shall be amended accordingly. If Provider does not agree to Customer's request, Customer may cause the study to be conducted by an independent, third party, industry-recognized benchmarking service provider designated by Customer (the "Third Party Benchmarker"). The Parties shall cooperate with the Third Party Benchmark, including, as appropriate, making available knowledgeable personnel and pertinent documents and records. The Third Party Benchmark shall execute a confidentiality agreement that contains confidentiality terms and conditions substantially similar to those set forth in Section 14 of the main text of the Agreement, unless there already exists a confidentiality agreement with the Third Party Benchmark. All internal and third party costs incurred by Customer in performing, or having a Third Party Benchmark perform, the benchmarking study shall be borne by Customer.
- (c) The Third Party Benchmark shall perform the benchmarking in accordance with the Third Party Benchmark's documented procedures, which procedures shall be provided to the Parties prior to the start of the benchmarking process and to which the Parties may comment prior to the benchmarking. The Third Party Benchmark shall compare the costs, charges and/or performance of the Services under the Agreement, as appropriate, for the Services being benchmarked to the costs, charges, and/or performance in a representative sample of well-managed back-office transactions processing and customer contact operations performing services similar in nature and volume to the Services. The Third Party Benchmark shall select the representative sample from entities (i) identified by

the Third Party Benchmark, and (ii) identified by a Party and approved by the Third Party Benchmark. The following conditions apply to the representative sample: (A) it shall include at least four (4) entities and no more than twelve (12) entities, and (B) it may include entities that are outsourcing customers of Provider in related fields or similar types of transactions.

- (d) The Third Party Benchmark is to conduct a benchmarking as promptly as is prudent in the circumstances. In conducting the benchmarking, the Third Party Benchmark shall normalize the data used to perform the benchmarking to accommodate, as appropriate, differences in volume of services, scope of services, service levels, financing or payment streams, and other pertinent factors. Each Party shall be provided a reasonable opportunity to review, comment on and request changes in the Third Party Benchmark's proposed findings. Following such review and comment, the Third Party Benchmark shall issue a final report of its findings and conclusions.
- (e) If in the final report of the Third Party Benchmark, the SS Rates and/or performance to Customer under the Agreement for the benchmarked Services are not in the * of the representative sample (viewed from the perspective of Customer) (e.g., lower than * of the representative sample with respect to the SS Rates) ("*"), then the following shall apply:
 - (i) After collaboration with and discussion between the Parties with respect to the Third Party Benchmark's final report (which the Parties shall examine reasonably and in good faith), Provider shall give Customer written notification within * after issuance of the Third Party Benchmark's final report whether Provider accepts such final report. If Provider accepts such report, Provider promptly shall develop a plan and schedule, subject to the approval of Customer, to bring Provider within the * (or such other percentage as agreed by the Parties) in a reasonable period of time, but in any event no longer than within * (unless otherwise agreed by the Parties). Provider then shall implement the plan.
 - (ii) If (A) Provider does not provide notice that Provider accepts the Third Party Benchmark's final report within *, as provided above, or (B) the Parties are unable to agree on an appropriate plan and schedule to respond to the Third Party Benchmark's final report, as provided above, then the Parties will attempt in good faith to resolve the dispute in accordance with Section 24 of the main text of the Agreement, provided that, for the avoidance of doubt, the Parties agree that Provider's failure to accept the Third Party Benchmark's final report shall not constitute a breach by Provider of the Agreement.
 - (iii) If in the final report of the Third Party Benchmark, the SS Rates to Customer under the Agreement for the benchmarked Services are in the * of the representative sample (viewed from the perspective of most

beneficial to Customer), then no adjustment shall be made. In no event shall charges be increased as a result thereof.

Schedule 16.1**Audit Rights****1. Audit Rights.**

- (a) Provider shall maintain records and supporting documentation of all [financial and non-financial] transactions pertaining to the Services sufficient to permit a complete audit thereof in accordance with the provisions of this Schedule 16.1. Customer, and its auditors (including internal audit staff and external auditors), inspectors, regulators and other representatives as Customer may from time to time designate in writing (collectively "Customer Auditors") shall have the right to perform up to * audits during any rolling * period at Customer's cost and expense, subject to Section 1(c) below. An audit may consist, at Customer's option, of financial audits, security audits and/or operations audits, as well as audits to confirm compliance with Sarbanes Oxley requirements; provided that Customer shall be entitled to additional audits (including as needed to meet Customer regulatory requirements or Customer contractual requirements) so long as Customer pays certain Provider costs relating to such audits, as described in Section 3 below. Provider shall provide to Customer Auditors access at all reasonable times and after reasonable notice (which shall not be less than 24 hours or more than one month), unless circumstances reasonably preclude such notice (and in the case of regulators at any time required by such regulators): (i) to any facility or part of a facility at which either Provider or any of its subcontractors is providing the Services, (ii) to Provider Personnel, and (iii) to data and records relating to the Services, for the purpose of performing audits and inspections of either Provider or any of its subcontractors during the Term and for the period Provider is required to maintain records hereunder to:
- (i) verify the accuracy of charges and invoices;
 - (ii) verify the integrity of Customer Data and examine the systems that process, store, support and transmit that data; and
 - (iii) examine Provider's performance of the Services and conformance to the terms of the Agreement including, to the extent applicable to the Services and to the charges therefor, performing audits: (1) of practices and procedures; (2) of systems, Equipment and Software; (3) of supporting information and calculations regarding compliance with Performance Standards; (4) of general controls and security practices and procedures; (5) of disaster recovery and back-up procedures; (6) of the efficiency of Provider in performing the Services; (7) of Provider's charges for, or timing of, Services; (8) of the basis of Provider's Services charges; and (9) as necessary to enable Customer to meet, or to confirm that Provider is meeting applicable regulatory and other legal requirements.

- (b) Customer may require to be performed, no more than once annually, a SAS 70 audit of the facility or facilities from which Provider provides Services, by a certified public accounting firm or mutually agreeable alternative. In the event that Customer is the primary customer within such data center, then Customer shall be financially responsible for the costs for such SAS 70 audit; in any other event, Provider shall be financially responsible for the costs for such SAS 70 audit.]
